IGR™
LIFE SCIENCES

ONE PLATFORM.
MULTIPLE OPPORTUNITIES.

About IGR Life Sciences

IGR Life Sciences brings together nutritional wellness products, practical home solutions and lifestyle products under one platform. Our business approach focuses on product awareness, customer relationships, teamwork and business development.

Our Vision

To build a trusted platform that connects people with products, meaningful business opportunities and long-term relationships.

Our Mission

To offer a diverse product range, encourage informed product selection, support business partners with product knowledge and business guidance, and promote teamwork, leadership and continuous learning.

Our Product Categories

NUTRITIONAL WELLNESS	HOME SOLUTIONS	LIFESTYLE WELLNESS
Nutritional capsules, powders, syrups and tonics for customers exploring nutritional wellness products. Review ingredients, directions and precautions before use.	Practical products for selected household needs, including water-related products and gas safety devices, focused on everyday utility and convenience.	Lifestyle products and accessories designed around everyday use, personal preferences and convenience.

Why IGR Life Sciences?

Diverse product portfolio	**Customer relationship development**
Product-focused business approach	Business guidance and product awareness
Teamwork and leadership development	**Multiple potential business benefit categories**

Discover Products. Build Relationships. Grow Together.

BUSINESS OPPORTUNITY & INCOME SOURCES

Start with Products. Build Your Future.

The IGR Life Sciences business opportunity is based on product awareness, eligible product sales, customer development and team-based business activity. Business partners can introduce products to prospective customers and develop their business according to the company's approved plan.

How the Business Works

UNDERSTAND PRODUCTS	Learn product features, prices, specifications and intended use.
CHOOSE A STARTING OPTION	Review pack contents, DP, BV, PV and qualification rules.
DEVELOP CUSTOMERS	Provide accurate information and build customer relationships.
BUILD YOUR TEAM	Share product and business information with interested individuals, subject to company policies.
PROGRESS THROUGH QUALIFICATIONS	Eligible business activity and qualifying matching volume may contribute to bonus eligibility and rank advancement.

Business Income Sources

RETAIL PROFIT — 10% TO 33%	Retail profit on eligible product sales, according to product price and company policy. Actual profit depends on purchase and selling prices.
DIRECT BONUS — 20%	20% Direct Bonus on eligible direct business activity, subject to the approved calculation basis, qualifications and company policies.
MATCHING BONUS — 10%	Linked to eligible business volume across the qualifying team structure. The plan describes 1:2 or 2:1 at the first stage, followed by 1:1 after the first stage, subject to rules.
RANK & REWARD BONUS	Qualifying PV Matching and BV Matching may contribute to rank advancement and applicable rewards.
ROYALTY BONUS — 1%	The supplied plan describes a 1% lifetime share in the company's total annual turnover, subject to qualification and company terms.
NOMINEE SECURITY	Applicable benefits for a nominated person in the event of an unfortunate incident, subject to company policy and eligibility.

POWER OF 3

YOU + 3 DIRECTS = POWER OF 3 —

Build three direct connections, help them understand products and the business plan, support customer development and encourage teamwork.

Business Support

Business partners should strengthen product knowledge, customer communication, teamwork and leadership skills. Review the approved business plan and relevant company policies before participating in business activity.

Terms & Conditions

1. All bonuses, rank qualifications, capping and rewards are subject to the latest approved company plan and policies.
2. Income is not guaranteed. Actual results depend on eligible business activity, customer demand, individual effort and applicable rules.
3. PV and BV are qualification measures defined by the company and should not automatically be treated as cash income.
4. Reward values, availability, qualification, delivery, taxes and other conditions are governed by company policy.
5. Product information must be communicated accurately. Do not make unverified health or income claims.
6. In case of any discrepancy, the latest company-approved business plan and written policies shall prevail.
